APRIL 2023

## FROM THE PRES-

Many of us have been through this, until recently I had not. It has been a difficult few weeks for my family. The loss of a loved one, even at his age of 96, is not an easy thing. My Father-in-Law was such an integral part of our family. Yes, right up to his passing, we talked or visited daily. So much so that it seemed it would never end. He always injected his humor and compassion into everything we did as a family. He was a car guy, OK, a Ford guy, having retired from there a whole bunch of years ago. We jostled back and forth about who had the best. I learned a long time ago he would always stand behind his livelihood. He drove Fords, I fixed Fords for him. His pride and joy is a white suicide door 1962 Lincoln hardtop. He drove it many times, to "Eyes on Design", by invitation. And loads of other car shows. Many times, I detailed it for him. I will again this year. It will be difficult. It will be special. I will miss him. Thank you, EMCC, for the help and support you gave my family to get through this. It is in these times you realize what is really important. And you have been that.

On to other things. I'll be short, we have a whole bunch of events, shows and rides coming up. Be sure to keep an eye on your

email box. Many are planned well in advance. However, some come up with little notice and require lighting responses to get us included in them. Don has done a phenomenal job keeping us up to date on what he can. More than that Don has given so much to the club. This last weekend he sponsored our booth for the Detroit Hot Rod Expo. All weekend long we talked up Camaro Superfest and the club to anyone that would listen. Recruited two new members, renewed another and it was all made possible by Mr. Jorgensen. Cannot thank him enough. Still don't hesitate to ask him about any of those planned events and shows that he puts out there. Also keep in mind there is the perpetual planning and volunteering for our own Camaro Superfest. It is looking to be a banner year for the club and this event. Nita will update us all regularly and look for those "Immediate Release" blasts to keep coming as news happens.

Hopefully spring is now here to stay. Getting the Camaro ready for another year of fun is finally at hand. Please keep safety in mind when doing so. We do not want anyone hurt doing fun things. Although it will be especially hard this year, I plan on getting every Camaro and Lincoln in my care ready for the fun ahead. And I hope to enjoy every one of them.

**Continued next page → →**

Sometimes you need a reminder to make you realize what you have. I certainly now know what I have and will do everything in my power to make more memories lasting a lifetime. Because it is those memories that will make tough times tolerable. **Snook OUT.**

## THE CORNER CAMARO

This months' CORNER CAMARO is Kathy Denski's 1967 RS convertible! Here is her story... I cannot even tell you what the

year was. We were looking for a 1967. I had help from member Grant Hamilton at the time, as I was working, and obviously we was not. At least in the sense that he had the time to browse the internet and come up with suggestion after suggestion. It seems every ten minutes anyway. It was on the Ebay, the auction was over the reserve not met, and it was way too much. But, as fate would have it, I called, and we went to look at the car. All the way to Rochester the rain was relentless. Miraculously, when we pulled down the street the car was on, the sun came out like a sign from heaven. That is how I remember it. Kathy's Camaro was a simple 1967 convert, mismatched dog dish hub caps, no brake lights, and overall, not very appealing. A great 50-footer (maybe 60). Still, I could see it had enough paint to make it a pretty car. Deal was struck, albeit between Kathy and the guys wife, not me and the seller. Fine, did not matter as we had what we came for. 1967 Camaro Convertible, 327 4 speed, and not much else. Top was good, interior was eh! But Kathy and I were going to relive our early married life. Then there was this Mr. Tom Tomkiewicz, an Allstate customer that Kathy showed a picture of her car to. Probably the one thing that got us involved with the club. And here we are, 1967 Chevrolet Camaro, as close to stock as I can make it and still love the car. Everything is from the Chevrolet parts book with exception of the transmission that makes it so much fun to drive anywhere and everywhere. A 327/365 RS Convertible with a 5 speed Tremic. 12 bolt 3:73 posi rear with factory traction bar. Gauges and fully restored interior and just a whole bunch of fun that comes with a club. And that is what really makes this car worth every penny. Oh, the picture, Camaro ownership, like this club is addictive. And friends don't let friends drive alone. Thanks Kathy (and Paul), for sharing your Camaro story! Thanks for being an EMCC member!!

Here is the latest event news-

Dear Club, Have you registered for SUPERFEST 2023 yet? What are you waiting for!

With the warmer weather approaching that means superfest is getting closer. We can't wait to gather together with you so please register today if you haven't.

We are still making decisions on a daily basis to make this year's event successful. Here are a few things we are working on.

We've added a few more activities for the kids, picked the best restroom facilities, toured our event space to ensure everyone's needs are met and are looking at the fine details.

I appreciate the board's help in this process. They have done a fantastic job educating me on historical practices and sharing what will be the best for our club and guests. The team and Multi Lakes has been wonderful to work with too and they are excited to have us.

Volunteer signup for information coming soon.

Thank you, Waneita

## EMCC - HOT ROD EXPO

EMCC had a booth (no Camaro on display) at the recent HotRod Expo in Novi. This is a "trade-show" type of event that people attend to find companies to buy products for their cars, or seek services. As usual, it's a great idea... but has yet to fully catch on and attendance by the public is always a bit low. However, several EMCC members attended to help run the booth and promote EMCC and CSF! Chevrolet sent us some posters that we passed out for free too! Nice!! I'm sure we'll get a new member or two and several CSF attendees from the effort.

## **CAMARO FUNNIES!**

**MAYBE THE REASON YOU FIND YOUR PHONE SO FACINATING WHILE YOU DRIVE IS...**

**YOU BOUGHT THE WRONG CAR.**

**PUN(s) OF THE MONTH:** 1) What do you call a turtle that takes up photography? A snapping turtle.  
2) Two guys walk into a bar... you'd think the second one would have seen it (think about it).

**THE LAST WORD:** EVER STOP TO WONDER: ...why a round pizza is delivered in a square box? ....why people go up in a tall building and put money in binoculars to see things on the ground? ...why banks charge a fee for "insufficient funds" when they know there isn't enough money in the account?

## **EMCC EVENT NEWS**

## EMCC MEETING REPORT

Our meeting report for the March EMCC meeting is - Nita gave a great report on the progress on CSF arrangements and the event schedule that is pretty well set. She will be looking for volunteers to sign-up for the many jobs that are needed to run the event. Don gave an activities report and had a summer-long activities schedule (see next page). While we won't be attending all of these, they are listed for your consideration on good events to attend. More will surely be added as the summer unfolds. Paul finished the meeting with some general information on our new sponsor CHAMPION AUTOMOTIVE GROUP and other news. We hope to see you at the next EMCC meeting!

The Chevy Camaro's not gone, but the next one will be very different

*Mark Phelan, Detroit Free Press*  
I come not to bury the Chevrolet Camaro. Nobody should, really. Reports of the Camaro's death are exaggerated, as General Motors prepares to mothball the sporty car - again - following the 2024 model year. The Camaro will be back, but the familiar nameplate is likely to return on a vehicle very different from the V8 coupe and convertible Chevy sells today. Brand boss Scott Bell virtually said as much this week: "This is not the end of Camaro's story." Unlike Ford, which has devotedly kept the Mustang nameplate in continuous production since 1964, Chevrolet treats the Camaro not like it was made of glass, but as if it were in a case labeled "Break glass in case of Mustang." Chevy built the Camaro from 1966 through 2002, then let the nameplate lie fallow until the fifth generation went on sale in 2009 as a 2010 model. GM has sold 875,000 Camaros since 2009. Sales have slipped in recent years, but a sporty vehicle with a familiar name and design could fit nicely into GM's future lineup of electric vehicles.
