FIND NEW ROADS™

APRIL 2017

FROM THE PRES-

OMG,OMG,OMG, words fail me so acronyms will have to do for now. Just parked Kathy's newest addition to her Camaro collection, a 2017 ZL1 Convertible. Yes, it is everything that the media and Chevrolet said it would be. With only one day to "play" and experience what this thing can do, I have barely touched the surface. Many kudos to our sponsor and "friends" at Lou LaRiche Chevrolet for holding it in their showroom until delivery as they could have easily sold it many times over. Can't wait to show everyone at our next meeting, weather permitting. Needless to say, I will probably need to be silenced when that happens. And, if anyone wants a really nice 2013 ZL1 convertible with 11,711 miles on it please visit our sponsors showroom and express that to any of the fine staff there, as it sits there awaiting its new owner.

Now that I've relaxed a little from the ride let's get on with the monthly stuff you can't wait to read. Our last meeting went well, although I feel I might have stolen some of John's thunder rambling on and on with my plans for the Tour d' Missouri. Remember it's coming up quickly and really too late to get in on the "discounted" rates Randy got for us. But it's not too late to plan

on going, contact John if you need more info. It will undoubtedly be the best trip Randy has done to date. With more "sight" seeing and a little less driving (not too much less I hope). I've added one day to both the driving down and returning. If you want to go with me, let me know asap as I don't have all the rooms reserved like Randy and need to reserve them by this weekend to assure us remaining together.

On to other plans made for the summer. Remember, CSF is in its "easy" planning period (easy for me to say, Barry does all the work) prior to the panic we save for later. Not much to announce that's not on the flyer, however please put your work time on your calendar and let Barry know as soon as possible as it makes his job so much easier.

I planned two "day trips" for anyone to participate in for the warmer weather. These trips will be announced when I know the weather will cooperate. Each trip will be on a Saturday with the rain date being Sunday. One is to Frankenmuth and the other is Port Huron. Utilizing as many back roads as possible (we do only have one day) having lunch and returning before dark. (next page)

FIND NEW ROADS™

Hopefully with time to enjoy each destinations offerings.

Also, planned a mid-week two-day excursion to the Gilmore Museum in Four Corners, MI. Anyone who has been there knows the quality of their collection. And this trip will afford some time on the museum AND let us attend the Wednesday night cruise in. I experienced it a couple of years ago, and felt that it would be a great trip for us. I know not everyone will be able to attend during the week, and I apologize for that, but the cruise is only on that night so it pretty much dictated my plans. An overnight at a local hotel and a leisurely drive home follows the next day. Looks like an August trip at this point so stay tuned. Please watch the Hugger as there are some shows we will be attending throughout the summer! Snook OUT

FROM THE Vice-Pres...

The Tour de Missouri is just around the corner. The official dates are April 28th through April 30th. However, you will have to leave on April 27th at the latest to get there for a Friday morning tour departure. All of us will be leaving Missouri on Monday, May 1.

Jo Ann and I are leaving early Thursday morning and arrive around dinner time. Randy and April Martin are once again, graciously, hosting a BBQ at their beautiful log (mansion) cabin, for the whole gang.

Paul and Kathy Denski, Chuck and Roxanne England, and Mark and Sharon Harpootlian will be leaving on April 26th....they are taking the scenic route.

So, if you are still planning on joining us, let me know and I'll send you the hotel info. You are most certainly still invited to come with us, you'll just have to pay a bit higher rate for the hotel.

Also, I'm very pleased to report that once again, Smokey Rhoades BBQ will be with us for this year's Superfest. There'll be the BBQ breakfast burritos along with the entire menu for lunch and dinner. YUM!!

Hope to SSSEYYA at the next meeting.

CAMARO IN THE NEWS!

17 CHEVROLET CAMARO ZL1 CONVERTIBLE

Car and Driver By David Beard
Mar. 24, 2017

Have you ever wanted to pilot your very own F/A-18 Super Hornet fighter aircraft? The multirole jet boasts insane speed, precision handling, and a price tag that only professional baseball pitchers could afford. For a starting price of \$69,435, Chevrolet has a much more affordable alternative: the 2017 Chevrolet Camaro ZL1 convertible, an open-air rocket ship capable of

serious speed and eye-popping handling, without the need for a pilot's license, security clearance, or a Major League contract.

THE RACE-READY CAMARO GT4.R LOBS A NEW SALVO OF HORSEPOWER INTO THE PONY CAR WAR

Digital Trends

By Stephen Edelstein Mar 13, 2017

After 50 years, the Ford Mustang versus Chevrolet Camaro rivalry is still going strong. Chevy has a new racing version of its Camaro called the GT4.R. As the name suggests, it's built to international GT4 class rules, so it can race in a variety of series in the United States and Europe against a variety of cars. One of those cars will be the GT4 version of the Mustang Ford unveiled last year. So does the Camaro GT4.R have what it takes to compete with its eternal rival?

CHEVROLET CAMARO GT4.R IS READY TO RACE

Motor Trend By Jonathon Klein
Mar. 9, 2017

After previewing the Camaro GT4.R last month, Chevrolet has finally dropped photos of the upcoming factory-built race car. The Camaro GT4.R is a fully race-ready customer race car built to global GT4 regulations. When it goes on sale it will be eligible to compete in both the IMSA Continental Tire SportsCar Challenge GS Class and in the Pirelli World Challenge GTS class. It will also be able to race in other series in the GT4 class around the globe.
