AUGUST 2022

FROM THE PRES-

Cliché time people, so insert your favorite here "_____". Whatever you put in there we got one week to Camaro Superfest. Oh yea, it's finally here. Ready or not, here we go. With all the preparation we try to do it still makes me a tad nervous. We've gone over the lot several times, where everything goes and, well, it is what it is. Now we pray for good weather and smooth operations. All that is left to do is execute. We have a great team so, let's get'r done. With that, please show up with a smile and bear with my nervousness to make this the best Superfest yet.

I know I kinda held up this month's Hugger and I apologize for that. Knowing that many like to have it on the first so they can plan their month, sometime puts a whole lot of pressure on my writing skills. And sometimes, like this month, well, I was at a loss for words. Don't worry I'm OK, plenty of BS to spread around for months to come. Many times, like this I rely on our recent activities to reflect upon. Problem is there have been so many activities they are just a blur in this old mind. Seems we are on the go every day this last month, not just the weekends. I repeatedly let you know that if you can you just need to accompany us on these

trips. What started as an invite, several years ago (pre covid), to take the COPO to the Camaro Nationals came together this year. We were lucky enough to get into the display hall and I am here to tell you the quality of Camaros on display literally boggled my mind. If you want to see an amazing number of concours Camaro, attend this show. They too had to change venues and dates and pulled it off very well. Other than what I saw as a minor "glitch" in their sound systems inability to reach everyone, they did exceptionally well. Very different from our show and shine, where the emphasis on cleanliness is king. Prior to that I visited Maine for Kathy's Birthday. Yea, I know it wasn't an "official" EMCC event, technically, since both Kathy and I were on it, it kinda qualifies. Think "Tour d' East Coast". Wow, roads in the middle of nowhere are better than anything we have here in the mitten state. You have to wait and see.

Then, shortly after Superfest we have a whole bunch of club and non-club activities to choose from. So, look in this issue and plan accordingly if you dare.

MEMBERSHIP NEWS

We have one new member this past month! Please welcome Gregory Mills! EMCC membership for 2022 is now at 106 members!

THANKS FOR BEING AN EMCC MEMBER!!

THE CORNER CAMARO

This month's Corner Camaro is EMCC member Mark Harpootlian and his 1969 Camaro coupe. The story is -

I found my '69 Camaro on the internet in the Summer of 2000. Sharon and I drove from our home in Southfield, MI to Albany, NY to bring it home on a trailer. The car could barely make it onto the trailer and I said to myself, "Oh no, what have I done!"

A previous owner had put in a 327 and drag raced it. My goal was to turn it into a driver, restored back to 1969, not necessarily original or factory-fresh, but something that would at least be authentic to the period.

The car felt like it was starting up in second gear all the time due to the Muncie's close ratio 2:20 first gear. I shopped around for a 3:11 Saginaw - much more conducive to cruising around town and creeping along Woodward Avenue in the annual Dream Cruise. I put in a new clutch, too. One that was used in the 307's and 6 cylinder Chevy's. It has nice easy feel. It shifts really nice now, very smooth and effortless.

The car still rode pretty harsh, so off came the traction bars, air shocks and heavy-duty rear leafs. I put on the standard 5-leaf springs which were 15% softer than what the drag racer had used. That was a lot of work, especially since someone had WELDED the front leaf spring brackets to the underbody!

Other improvements included a front spoiler, new grill, bumpers, various emblems, marker lights, outside mirrors, weather-stripping, wheels and tires.

The biggest improvement by far was when I had the car painted. I kept the original Frost Green color and the twin black rally stripes, which it had when I got the car but probably weren't original. They just look cool.

There are still more things that I want to do, but for now, I just enjoy driving it. It gets out several times a week when the weather's good. I get a lot of looks, waves, and thumbs-ups and that makes it all worthwhile. GREAT story and Camaro Mark! Thanks for being an EMCC member!!

CAMARO SUPERFEST 2022 is scheduled for August 12th thru August 14th. This year's location is at EMCC's sponsor, Lou LaRiche Chevrolet in Plymouth, MI. Here's your report from Chairman Chris West -

As I write this, we are less than 2 weeks from Superfest. There have been challenges getting back to an in-person show but with a solid effort by dedicated EMCC members, plans are falling into place. We currently have 167 cars registered. Pre-registrations continue to come in and because of the effort of dedicated EMCC team members handing out Superfest information I am hopeful we will have a significant number of day-of-show registrants. Thanks to all that have helped with planning, and to those that have volunteered time to put on, a quality show. As a reminder, below is an outline of Superfest's activities.

CSF CHARITY

We also want to say **THANK-YOU** to our great CSF Sponsors - Lou LaRiche Chevrolet, Lingenfelter Motorsports, Corrigan Oil, Vanguard Motor Sales and Detroit HotRod Sport & Custom. EMCC doing CAMARO SUPERFEST... and doing great things together! THANKS for all of your support!!

CSF JOBS

Here is the list of CSF jobs and what each entails. NONE of these jobs is hard!! A few minutes of "on the job" training and you will be a pro!! Let's look at the jobs and their duties- what each entails-

HQ/REGISTRATION TABLE- is where car owners come to enter their cars. Paperwork job and answering questions. This is also big on answering questions, selling event t-shirts. If a person is getting Judged, you get them registered and then direct them to Don at the Judging table.

EVENT SET-UP- This is getting everything ready to go for when participants show-up; PA set-up, table set-up. Signs and traffic cones where needed, etc.

PARKING- This is helping participants get into a spot without taking up more room than they need. This will be important, as we have limited room in the lot.

SECURITY- everyone is on security detail at all times! There is NO alcohol and NO PETS allowed on property. These are the biggest items to watch for. Security is making sure that someone is not doing something stupid and causing problems for others.

AWARD PREPARATIONS- This is helping get the awards ready for the presentation at 2pm. Class plates need to be added to the award plaques and they need to be placed in order so it all goes smoothly.

MISCELANIOUS- This is kinda another "everyone" job... where we need to keep an eye on trash cans, make sure the speakers are working, etc....

I think that covers everything we can think of concerning jobs. See, nothing so awful hard about any of it. But when it comes right down to it, it is YOU the membership that makes the event happen.

THANKS!!!

EMCC MEETING REPORT

Our July meeting was at a place that is dear to EMCC members - Daly's Drive-in in Livonia. While the car service and canopy are no longer there, we found some shade along the side of the building and many members did a take-out dinner. It was also well attended, with about 40+ attending for the meeting and 18 Camaros! The weather was great and most drove their Camaros to the meeting! At the meeting we had a Camaro Superfest update from Chris. Don went over some up-coming activities. Paul also gave some CSF comments and general things for us to be mindful of. It was really great seeing everyone at the meeting and enjoying each other's company and conversations! We hope to see you at the next EMCC meeting!
