MARCH 2021

FROM THE PRES-

One year, we've been in this sorry state of affairs for that long. And while planning for this year CSF continues with hopes of actually having one, seemingly the entire world is against us. We will keep the faith and carry on until everyone says we can't. Keep your email venues open and check in for updates that will come as soon as we have them.

On to other news of the day (or month). Looks like we'll have a good turnout if Autorama happens. So far we have four cars participating and I finally get to have some of the fun this time around. When (or if) it happens please plan on attending to help out the club and those who have their cars entered. Should be fun to finally get to see some cars and people although probably from the nose up only.

With the weather starting to turn for the better many of us are thinking towards getting our Camaros out of their winter hibernation and ready for what we hope is a better year of shows and cruising. If you are so inclined we are heading out on the tour d' gettin there and the Tour D' Missouri in late April and there is still time to sign up. Ex-President Randy always shows us a great time and the roads are amazing (at least compared to

ours) along with great friends and venues.

Things are looking up. Stay hopeful. Think positive thoughts and let's make this the best year yet.

EMCC MARCH MEETING

Our next regular meeting will be on MARCH 15, 2021 at 7:30pm. The meeting will be via ZOOM and be an online meeting. Zoom is free to download on your computer, tablet or phone. The link to the meeting will be emailed to all EMCC members 2-3 days before the meeting day. We hope you can attend. It's good to "see" and talk with everyone!

MEMBERSHIP NEWS

We had no new members this past month! EMCC membership for 2021 is now at 92 members, due to some that have not renewed!

THANKS FOR BEING AN EMCC MEMBER!!

THE CORNER CAMARO

This months' Corner Camaro is EMCC member Eric Pless from Florida! Eric and Ava moved to Tampa, Florida from our area about 2 years ago. We miss them, but keep in touch on FB! Eric owns a 1967 Camaro SS and here's the story...

"Elvira" is a 1967 Camaro SS with all original body (no rust anywhere) painted in late 80's from Nantucket Blue to the dark purple blue today and all original interior painted all black from the original light blue when she was made in Van Nuys, CA on OCT 16, 1967 as an original 396 BBC. Bought in 2017, I'm the 4th owner. When I bought it the original TH400 3-speed was blown and the exhaust and rear end were shot. It had a 4:87, 12 bolt rear-end and I took to down to a 3:73 gear and updated the trans with a 700r4 and a 3000RPM stall torque converter, new axles, drive shaft, 4 wheel slotted and drilled disc brakes, Monroe OEM Shocks and added new 3" Hooker Headers and 2.5" dual exhaust with Flowmaster Super Delta 40 mufflers to restore the roar. I also replaced the 80's American Racing gold rims with Cragar SS's and all the engine components with new parts to make it reliable and refurbished the engine compartment. Lastly, I removed all the interior and replaced the carpets and installed hushmat and Dynamat in the entire interior of the car, installed a new iDidit tilt steering column, all new bulbs and new oil, temp, voltage gages and repainted the original console. All OER parts have been used on the car where possible. Eric has more mods planned, new crate engine and suspension mods! Great looking Camaro Eric!! Thanks for being an EMCC member!!

DAYLIGHT SAVINGS!!

A reminder to SPRING AHEAD on Saturday night!! Move those clocks one hour AHEAD!! And... check those smoke detector batteries!

EMCC MEETING REPORT

Our February meeting was via ZOOM and conducted online! We had a light turnout, only about 20 members attending. We have room for everyone, so please consider attending in March! Zoom is easy! The meeting was a bit focused on CSF and the news that we have secured the two track days, but that other things like covid restrictions are still making plans difficult to get set. We did have two new members attend the meeting, so we got to meet them too. After that, the meeting was adjourned. We hope to see you at the NEXT EMCC meeting!

EMCC AT AUTORAMA

Autorama has been moved to April 30-May 2, 2021, due to covid19. EMCC will have a very nice 4 car display - Don, Butch, Paul and Barry have all entered Camaros in the show. The applications have been sent in. Now... we're looking for set-up, tear-down and during the show helpers! Set-up will be Wednesday or Thursday, April 28-29. Tear-down is Sunday night May 2 at about 9pm. Other help in promoting EMCC and CSF is during regular show hours. Contact BARRY if you are willing to help with this event.

LaRICHE/EMCC FUND

The "Lou LaRiche Family/Eastern Michigan Camaro Club Community Fund" is always open to your donations. **DONATING IS VOLUNTARY!!** And it is tax deductible! We are set-up through the Canton Community Foundation. Go to their website to donate online.

www.cantonfoundation.org

Make sure you select the **Lou LaRiche Family/Eastern Michigan Camaro Club Community Fund** in the pull down menu of where you want your donation to go. THANKS for your support!!

CAMARO SUPERFEST 2021 planning is now under way! The dates shown ARE OFFICIAL!! **SAVE THE DATES!!**

The hotels are now open for any reservations. Our HQ hotel is again the Marriott at Eagle Crest - 734-487-2000

Our overflow hotel is again the Fairfield Inn - 734-482-0668

"Things" are starting to look better, as state restrictions are getting lighter, however, there are still some hurdles that need to be overcome! We recently put out this message on FB pages and our website -

HELLO from CAMARO SUPERFEST 2021! We know we have not said much in the past few months. That's because event arrangements are taking longer, much longer than we had expected. Covid restrictions in Michigan have forced us to look at many different aspects of our event. These are to be sure you and we are all safe and following the rules in our state. And with the rules changing month-to-month... it is very hard to estimate what the rules will be... easier or harder?

We are still VERY much committed to having a in-person event. We just don't know if we can keep our original plans of a 4 day event, or if we will have to plan on something less. We have plans, several of them... and we just have to give it all some time before we can choose the best plan for everyone and execute it. Please... HANG IN THERE!! We are getting much closer to that decision time/point. Stay tuned here and on our website for further announcements.

www.camarosuperfest.com

THANKS for your support and we look forward to seeing you in July

It had been several months since we had posted anything and needed to get some word out. People will understand our situation and we're confident they will still attend!

THANKS EMCC MEMBERS!!!!!! You responded very well to the request for early CSF work list sign-ups. Other than the possible covid test jobs, we are only short 14 spots and are sure that more EMCC members will step forward to help!

Sponsorships are running slow this year. Here is a huge THANK-YOU to these sponsors so far....

PREMIER SPONSOR - Lou LaRiche Chevrolet

GOLD -

SILVER - Hagerty Insurance, National Parts Depot

BRONZE - Cruis'in Classics Insurance

We are remaining ever vigilant in our efforts to get our arrangements booked and set as soon as possible!

TOUR D'MISSOURI

The annual Tour D'Missouri is happening on April 23-25. There is also the extra tour to get there and back (an extra day/over-night each way). Here's a reminder from Tour host and EMCC past President Randy Martin - OK guys, just signed contract and returned to Still Waters. THIS is for Friday and Saturday night ONLY in Branson. For those that are coming from out of town, I will send that info this weekend. Still Waters MUST be booked with a deposit within 21 days or it will be released. I have blocked 15 rooms, one bedroom standard lakefront. Very nice! Spent last Saturday night there.

Still Waters Resort...800-777-2320
Group Name....Tour Missouri
Cost..129.00/night plus taxes + a 20.00 processing fee
Cancellations for full refund MUST be made 15 days before arrival minus a 25.00 fee.

And Paul sent this message out a few days ago- Dear EMCC Members, I am happy to announce the Tour D' Getting There is well on the way to getting final plans. Things being a bit difficult this year - with all the restrictions and such not only in Michigan but the four states we will be traveling through. With that said I need to have a definitive count on who is planning on participating either there, back, both or none (just driving straight through). This will enable me to plan for hotel rooms and meals. The meals together being the most challenging. Two different routes are being planned for each way so there should be plenty of different scenery to enjoy. Randy anticipates about 13-14 cars so we should be in good company once we get there.

Anyone who is going to participate in the Tour D' Missouri and wants to take the back roads there and back should contact Snook immediately if not sooner so I can get a handle on what I need to plan. Once I have planned this the field will close so get in now or forever lose this once in a lifetime opportunity. Rely to snookmack@gmail.com by March 14th to be included in our adventure.

Once I have an accurate count I will let only those participants know the hotel reservation process.

As of now I have the following participants:

Kathy/Snook, Dale, Don,
Gloria/Mark, Sharon/Mark,
Roxanne/Chuck

If you are on the list you are in for both ways unless you email me otherwise. If you are not on the list and what to go you better email me by the deadline.

Regards, Snook

EMCC HELPS!

We recently received a request for information on VIN "Vehicle Identification Number" versus the Body Trim Number (Trim Tag). The person asking the question wanted to know if they should match.

Turns out they do not match and each one contains different information about the car. The VIN, at least for Camaros made in 1967 - 1971 conveys the following information:

Digit 1 identifies the manufacturer, 1 = Chevrolet
Digit 2 identifies the Series, 2 = Camaro

Digit 3 identifies the engine, 3 = 6 cylinder, 4 = V8

Digits 4 and 5 identify the body type, 37 = sport coupe, 67 = convertible

Digit 6 identifies the last digit of the model year, 7 = 1967, 8=1968, 9=1969, 0=1970, 1=1971

Digit 7 identifies the Assembly Plant, L= Van Nuys, CA, N = Norwood, OH

Digits 8-12 = sequential Production Number, starting at 100001

The Trim Tag, aka Cowl Tag, aka Body Trim Tag contains more detailed information about the car. These links will take you to web pages with more information about the VINs and Trim Tags.

<http://www.chevy-camaro.com/chevy-camaro-trim-tag-decode-1968.php>
<http://www.camaros.org/numbers.shtm#VIN>

The trim tag identifies several items also embedded in the VIN - model year, body style, and assembly plant.

In addition it includes the build month and week, so for example 03B - would be a car built in the second week of the third month. It also includes a body number - a number assigned by Fisher Body that does not match the VIN. There is also a code that identifies the interior trim - seat color, type, and material. The last two codes on the tag identify the body paint that was used on the car and the type of

top on the car - i.e. vinyl, convertible.

So, as you can see, both the VIN and Trim Tag convey information about the car as it was manufactured. If you buy a really old car this is one way to dig into its history.

EMCC COVID-19 POLICY

The Eastern Michigan Camaro Club in its activities strongly urges its members and participants in any official club event to abide by Executive Order 2020-59 concerning wearing of masks and social distancing. Simply stated, you must wear a mask in an enclosed public place and outside if you can't maintain a distance of 6 feet from others. While we are not the mask police and certainly don't want to offend anyone, the Board would not want us to be the cause of anyone getting the virus. This policy will apply to all "official club business and activities". Meetings and club shows, right now, are the only official gatherings we have. We do participate in member arranged gatherings outside the club. Anyplace we meet indoors would require the use of face protection so keep that in mind when attending. All public outdoor places would require social distancing or short of that, wearing a mask. Please respect that we have a number of members that are in the "highly susceptible" group for infection and this helps protect all of us
